Custom Drapery Hardware

Custom Made From Authentic Materials
Hand Finished

Featuring
Bay & Corner Rods
C-Ring Sets

Introducing! Traverse Rods & Outdoor Hardware

“Best In Class” Drapery Hardware

We take great pride in our hardware. Handcrafted from authentic materials, each drapery rod is made to order.

Four unique programs:

Estate Wrought Iron

Forged Wrought Iron Finials on 1 1/2” Rods

Custom Iron

Forged Wrought Iron Finials on 1” Rods

Plantation Wood

Real Wood Finials on 1-3/8” and 2” Rods.

Contemporary Metal

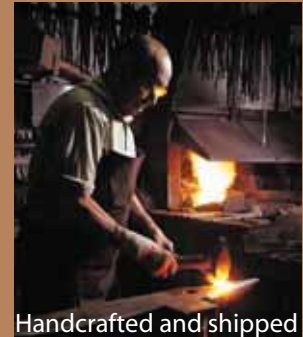

Contemporary Styles on 1” Adjustable-To-Size Rods.

Single, Double and Inside Mount rod sets are available in every line. Traverse, Bay, Corner and Outdoor sets in select lines.

Sold as a complete sets with everything you need to get the job done, including the rod, finials, brackets and mounting hardware. **All for one low price!**

The enclosed order form makes easy, accurate ordering a breeze.

Handcrafted and shipped
in 7 days or less.

Complete sets with everything
you need to get the job done

Unique magnetic brackets
no unsightly set screws

We have all but eliminated
plastics, resins and oil based
finishes from our products
and packaging

Estate Wrought Iron

Classic wrought iron forged from authentic materials.

- 1 1/2" diameter rod sets
- Custom made to any size.

Custom Iron Traverse Rods

Hand drawn, elegantly crafted traverse rod sets are now available in the Custom Iron line.

Rod sets come with everything you need to get the job done. Including rod, finials, brackets, mounting hardware, master carriers, carriers and batons.

Available in Single, Double, Inside Mount, Corner and Bay window configurations.

One way draw, single segment traverse rod sets are available up to 192" long. Additional shipping applies to rod sets over 105".

Split draw traverse rod sets are available up to 216". Split draw rods over 108" are shipped in two segments.

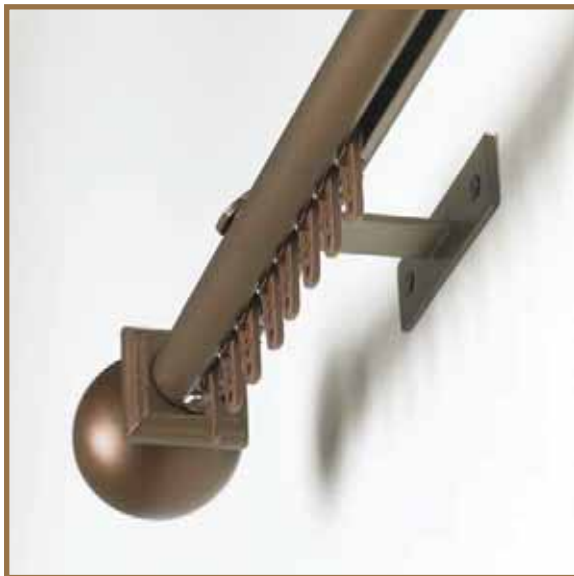

Ordering Split Draw Rod Sets

Specify "T" for traverse at the end of the rod set part number on the order form. Rod will include two master carriers that will open from the center of the rod.

Ordering One Way Draw Rod Sets

Specify "TR" for right draw (opens to the right) or "TL" for left draw (opens to the left). Rod will include one "long arm" master carrier that allow the curtain to close past the end bracket.

“C” Curtain Rings

C-rings allow one-way draw curtains to be used on longer rods requiring a center support bracket(s). A great choice for covering a sliding glass door or large window.

C-rings are used with our low profile center support bracket(s) which allow the rings to smoothly slide past the center bracket. C-rings appear as standard rings when viewed from the front.

Outdoor Ready Drapery Hardware

We are proud to announce our new Outdoor Ready finish option. Now any of our popular Custom Iron drapery hardware styles can be used to decorate your deck, cabana or outdoor space.

This option is available for a 20% up charge, that includes a full 5 year replacement warranty.

Sets must be installed under an eave or overhang, avoiding direct exposure to the elements.

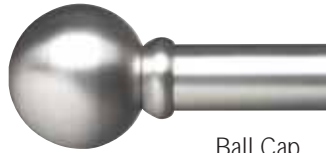

Contemporary Metal

Designer quality 1" Adjustable to size metal rod sets.

MEASURING GUIDE

Determine Your Hardware Width

Rod width does not include the width of the finials on each end. Finials add 2" to 8" in width on each end, depending on the finial style. We recommend a 5" overlap on each side of the window. For example if your window is 50" wide, you would normally order a 60" length rod and the overall finished width would be 64" to 84" depending upon the finial style.

Measuring Tips

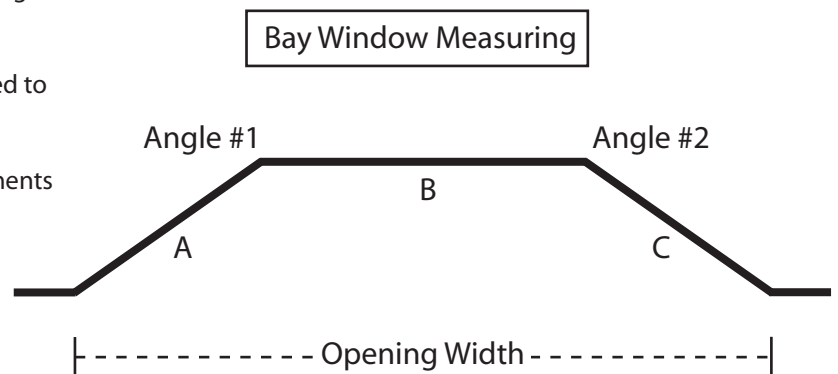

- Always use a steel tape measure. All dimensions should be taken to the nearest 1/4 inch.
- Double check to make sure that you haven't transposed width and height measurements.
- Measure every window. Windows that look identical often are not.
- If you have any questions, please contact Customer Service for more information.

Bay Windows

To order a bay window rod set correctly, you need to provide the separate measurement of each section of the bay area wall (shown here as A, B and C) and the degree of each wall angle (shown here as Angle #1 and Angle #2).

If you would like us to determine the angles, you will need to additionally provide the opening width of the bay.

We will calculate your rod size based on these measurements and rod style you select. Our standard calculations allow for the finials to be just short of the outside of the opening. If you wish them to project out past the opening or be held short, please provide the desired distances.

Above pricing is presented in two foot increments, however, all rods will be cut to the precise width that is ordered.

Plantation wood rod sets include two finials, wood brackets & mounting hardware.

All Traverse Rod sets include aluminum traverse track embedded in wood pole, with master carriers, drapery carriers, end stops and baton(s).

For one-way Traverse draw, indicate "R" on the order form for right draw or "L" for left draw.

* Standard rods wider than 96" will be made using two equal length segments joined using a rod connector in the middle of the rod unless otherwise requested.

Traverse rods wider than 96" are available in one segment upon request and must be shipped via LTL truck - additional freight charges apply.

No finials on inside mount rod sets. When determining rod width for inside mount rods, deduct 1/2" to account for width of brackets. Double rod sets feature end cap finials on 1-3/8 diameter back rod.

Finial Choices

The finials listed below are available only on the rod sizes listed.
